OSRAM – Una tradizione nella sicurezza

Da oltre un secolo, OSRAM è un nome affidabile nell'innovazione automobilistica, noto in tutto il mondo per il suo lavoro pionieristico nell'illuminazione dei veicoli. Il nostro impegno per la visibilità, la sicurezza e l'affidabilità ci ha resi il marchio di riferimento per automobilisti, officine e costruttori di veicoli. L'espansione nel settore delle spazzole tergicristallo non rappresenta una deviazione da questa tradizione, ma una sua naturale estensione. Proprio come i nostri prodotti di illuminazione illuminano la strada, i tergicristalli garantiscono una visibilità ottimale in caso di pioggia, neve e condizioni difficili. Insieme, affrontano lo stesso problema fondamentale: garantire una guida sicura in condizioni di scarsa visibilità.

– **Nanotecnologia**
Il materiale composito garantisce prestazioni durature, silenziosità e massima durata in tutte le temperature e condizioni atmosferiche.

– **Intarsio in acciaio ad alto tenore di carbonio**
Garantisce una pressione uniforme, un contatto preciso con il parabrezza e prestazioni senza aloni.

– **Design aerodinamico**
Fornisce una deportanza uniforme, riduce il rumore e le vibrazioni e garantisce prestazioni stabili a tutte le velocità.

OSRAM BETTER SIGHT Beam Blade - Gamma prodotti

Descrizione prodotto	Codice	Tipo di braccio	Dimensioni (mm)	Dimensioni (pollici)	EAN10
